EXCLUSION FOR THOSE NOT PARTICIPATING IN THE TARGA FLORIO RALLY (Ref. Art. 4 of the Sporting Regulations of the Trofeo Lancia 2025)

In exception to what is stated in Art. 4 of the Sporting Regulations, participants in the Trofeo Lancia who do not compete in the Targa Florio Rally are allowed to use this result as a discard, even though they did not actually take part in the race.

BEST PERFORMER (Ref. Art. 3.3 of the 2025 Trofeo Lancia Sporting Regulations)

The following clarifications are provided regarding the assignment of "Best Performer" bonus points:

- Penalties

The classification of each individual special stage will be determined by adding the time of the Special Stage to any other time penalties imposed on that stage, including any penalties for false starts.

- Imposed Times and Actual Times

If one or more drivers are assigned an imposed time faster than the actual times recorded, the scratch time will be awarded to the driver who completed the special stage regularly and achieved the best time among the participants in the Trofeo Lancia.

- Tied Special Stage Times

In the event of a tie for the best special stage time—among drivers who have regularly participated in the stage—the scratch time will be awarded to the driver with the younger age.

- Tie in Final Count

In the case of a tie in the total number of best special stage times between two or more drivers, the "Best Performer" bonus points will be awarded to the driver with the younger age.

The classification of the "Miki Stage" special stage will be determined by adding the time of the Special Stage to any other time penalties imposed on that stage, including any penalties for false starts.
