PRE-TARGA FLORIO TEST OFFER BY TARGA RACING CLUB ASD

Ahead of the debut of the Trofeo Lancia in Sicily, we bring your attention to the opportunity to conduct a pre-Targa Florio test with your Ypsilon Rally4 HF on a course that closely resembles the special stages of the race, ensuring highly targeted and realistic preparation.

Targa Racing Club ASD, under the supervision of Totò Riolo (3-time winner of the Targa Florio), is offering a section of the S.P. 128, about 3 km in length with a loop layout, ideal for conducting tests similar to a shakedown. This stretch of road was used last year for the official Targa Florio tests. The entire area is set up to accommodate service spaces, presence of course marshals, complete stage setup, and all necessary elements for a highly professional session.

INTRODUCTION TO THE LANCIA TROPHY COACH TEAM

Lancia and Lancia Corse HF are proud to present the new Coach Team of the Trofeo Lancia, an initiative dedicated exclusively to the participants of our one-make series driving the Ypsilon Rally4 HF.

This project reaffirms Lancia's commitment to promoting accessible, educational, and excellence-oriented motorsport. The Lancia Coach Team is created with the goal of offering additional on-track support to our drivers, helping them improve their performance through the experience and professionalism of two key figures:

The **Lancia Mentor Coach** will be Andrea Crugnola, one of the most successful rally drivers in Italy. The current Italian Rally Champion and multiple winner of the CIAR Sparco, Andrea has played a key role in the development of the Ypsilon Rally4 HF, which he will make available to the trophy drivers to guide them in their growth journey. He will participate in the pre-race briefings and provide a dedicated follow-up session the week after each event.

Alongside him, the **Lancia Dedicated Coach** will be Marco Cavigioli, an instructor with over thirty years of experience in driver training at all levels. With a background as a winning driver in both national one-make series and at the continental level, Marco will provide on-the-ground support to the trophy drivers, offering personalized feedback, coaching sessions, and operational assistance during the races.
